# How to use local pages

As Orlando reopens, our expansive resorts look forward to welcoming you with gracious hospitality and a commitment to doing our part to ensure a safe event.

While some things around Orlando and our resorts will be different, what won't change is our passion for delivering exceptional guest experiences. We are dedicated to creating a memorable experience where you can feel socially connected, comfortably distanced, and confident that our team is doing everything they can to keep you safe as part of Hilton EventReady by CleanStay.

The Local Pages resource tool accompanies the Global EventReady Playbook to provide hotel and locally relevant information and examples. Be sure to review the Global EventReady Playbook before reviewing the Local Pages.

Once you're familiar with the global Hilton EventReady Playbook and have peace of mind with the safety and well-being of your attendees, together we can plan your next event curated with Hilton EventReady solutions, local partners and the great team at Hilton Orlando.

# Hybrid events

Hybrid solutions can enhance the value of in-person meetings by connecting speakers and attendees with new audiences online, giving them a taste of what the on-site event is like. Organizations can complement their face-to-face, physical meeting with simultaneous online viewing over the web, and on-demand, post-event offerings. Hybrid meetings add value by increasing interaction, reaching a broader audience with the event content and boosting event exposure.

## **PSAV – Preferred Partner**

Our recommended AV company is PSAV. They have solutions to assist with Hybrid events including their MeetSAFE program.
